UPDATED: 08.09.07

FORWARD

A sincere thanks to those coaches, officials, and administrators who shared in making this policy booklet a reality.

Long in coming, it will further serve to all in the Ohio Valley Athletic Conference as one basic policy relative to those responsibilities in game rules, officiating, conduct, and athletic administration.

However, the strength of this policy lies with those who actively support, respect, and practice that which is herein printed.

The Ohio Valley Athletic Conference Executive Board wishes each and every one the very best in order that we all may “better serve the youth of the Upper Ohio Valley.”

SCHEDULING OFFICIALS FOR GAMES

1. The Commissioner assigns officials to all games between OVAC teams.
2. The Commissioner schedules home games played against non-Conference opponents unless a contractual agreement between the schools indicates otherwise.
3. A new OVAC member school has a two-year exemption pertaining to assignment of officials. During the first two (2) years, new schools to the Conference may contract their own officials for all games. If the new member school desires, the Commissioner will assign officials for some or all home games.

OVAC REQUIREMENTS FOR FOOTBALL OFFICIALS

1. All officials on a crew must have a valid registration card to officiate varsity contests from Ohio and West Virginia to be assigned football contests by the Commissioner.
2. Officials must be available to work all football games as assigned (Conference and non-Conference). Any crew or official who returns an assignment from the OVAC Commissioner and then officiates a non-Conference game shall not be permitted to be a member of a crew the following season. However, he can be on the extra board for the fifth man assignment.
3. If an official is not on the OVAC-approved list of officials (crew or extra board), he can officiate games between an OVAC school and a non-Conference opponent. *This regulation may be superceded by the Football Commissioner if scheduled games exceed the number of crews available on a particular date.
4. Supplemental roster of officials is to be used as the need arises during the year. These officials are to be used mainly for non-Conference games of the schools on the fringe areas of the OVAC.

GUIDELINES FOR CREW OFFICIATING

1. There will be nineteen (19) four-man officiating crews. A five-man crew will be used for all games assigned by the Commissioner.
2. All nineteen (19) four-man crews will be scheduled to work on Fridays, provided sufficient games are available, with major emphasis on keeping crews intact.
3. The Commissioner will have the authority to assign additional Friday and all Saturday games using officials at his discretion, with considerations of total game assignments, experience, scratches, and restrictive guidelines as stated in this manual.
4. The referee, his crew, and the fifth man officially assigned by the Commissioner are the only individuals who are to work the game. Most crews will be assigned together unless a contract between an OVAC school and a non-Conference opponent indicates a split crew, or an extenuating circumstance dictates a change. (Example: Crew member may have direct connection to a school.)
5. All crew officials should work the same position at each game. The Commissioner, before the contest date, must approve any changes in position assignment.
